To Whom It May Concern:

As a University of Tennessee resident employee of the State of Tennessee, residents' and fellows' professional liability coverage has been provided by the Tennessee Claims Commission Act (TCA 9-8-301 et seq.). This Act provides immunity from personal liability for all employees of the State of Tennessee for acts or omissions within the scope of their employment. The effect of this for all residents and fellows for the period of the Act is to shift liability from the State employee to the State itself. Thus, claims arising against the State for acts or omissions by the employee will be handled according to the provisions of the Act (TCA 9-8-301 et seq.).

Please contact the University of Tennessee Graduate Medical Education Office at 901-448-5364 if additional information is needed. For claims information, please contact General Counsel, University of Tennessee, 66 N Pauline, Suite 428, Memphis, Tennessee 38163, phone #901-448-5615.

Sincerely,

Mary Ann Watson
Assistant Dean
Graduate Medical Education
