## FROM THE COURSE DIRECTOR

Dear Colleagues:

As we enter the fifth year of the Mid-South Cancer Symposium, the continued interest is both exciting and encouraging. We hope this year will be better than ever as we have assembled an internationally acclaimed faculty to provide insights into the latest advancements in their field. To honor and acknowledge our newly formed and highly successful multi-disciplinary thoracic oncology team, we have dedicated the fifth annual symposium to thoracic oncology.

This year's event will again be held in 'The Zone' at the FedEx Institute of Technology. The institute is a state-of-the-art conference facility located on the University of Memphis campus. Hotel accommodations for the conference will be at the Hilton on Ridgelake Boulevard.

We look forward to seeing you there! MJ

## COURSE DESCRIPTION

This conference has been designed to encompass state-of-the-art treatment for common thoracic malignancies and place them in context with the current standard approaches.

## TARGET AUDIENCE

Medical oncologists, thoracic surgical oncologists, radiation oncologists, pulmonologists, internists and other specialists involved in the prevention, treatment, and cure of cancer.

## REGISTRATION

There is not a registration fee for the Fifth Annual Mid-South Cancer Symposium. However, registration is required to guarantee space in the course and provide appropriate meals. Please note that the University of Tennessee reserves the right to alter program titles, speakers or sessions if circumstances so dictate or the right to cancel or reschedule this seminar due to an insufficient number of registrants.

## CREDIT
